Points of Distinction for Education Programs

- 1. Strong partnerships with area school districts for hands-on experience**
- 2. Small class sizes with individual attention**
- 3. Program evaluation aligned with NY State and National Standards**
- 4. Students take education as a “linked major” with a major program of study**
- 5. Students in education have two academic advisors: one for their “major” and one for education**
- 6. Inclusive education faculty who teach both general education and special education courses**
- 7. Opportunities to participate in Education Club and Kappa Delta Pi (Education Honor Society)**
- 8. Collaborative professional development with area school districts to keep teachers current with education reform**

Student Learning Outcomes:

Skills Acquired

- 1. Effective communication and interaction with individuals having diverse backgrounds, experiences, and ability levels**
- 2. Application of teaching and learning concepts related to developmental stages**
- 3. Critical thinking and evidence-based practices for a variety of situations and contexts**
- 4. Ethical and professional behavior for caring and effective professional relationships**
